D1
edition

Velocity

Designed for Life.

Velocity

Overdrive Velocity

Velocity is the premier interpretation of Overdrive's timekeeping philosophy. Designed using space-age materials and inspired by the passion of motorsports, the all-new Velocity allows you to peer through a honeycomb grille into the inner workings of the watch.

OVERDRIVE™

WATCHES

Velocity

Self-winding Skeleton Mechanism

This watch keeps going as you do. With 26 embedded jewels in the mechanism and a 44-hour power reserve, the Velocity D1 is your everyday partner in precision performance.

Forged Carbon Fibre

The strongest fibres known to man are forged together to create intricate and unique patterns which complement the titanium case and provide extra bezel durability.

OVERDRIVE™
WATCHES

Titanium Case

The body of the case is designed for ultimate performance. It is inspired by motorsport, where Titanium provides extremely lightweight, strong and durable parts for exceptional performance.
